

Introduction

Background

One of the biggest city in the world, Mumbai packed with restaurants, Dabaas and varies eateries. Once somebody moves or visits Mumbai it is a daunting task to find the best Food and to get all the authentic cultural food experiences. Searching and searching for place as said being daunting because in Mumbai food is everywhere means to say every third is selling some kind of food but not all of them are good. Searching for good food in possible hundreds or even thousand of restaurants, cafe etc. Cannot be done

Problem

To find the best restaurants in Mumbai and clusters of places where they appear the most so that incoming people not only enjoy good food but also know places where there good eateries.

Interest

It helps people moving to Mumbai or just visiting to taste the foods that Mumbai has to offer with all it's goodness and variety
